Sketchalot

DESIGN EELCO VOOGD

Sketchalot is **the world's first and only modular whiteboard panel** that doesn't require any permanent attachment to walls or glass surfaces.

Sketchalot – design Eelco Voogd, är den första och enda modulära whiteboardtavla som inte kräver någon som helst montering i vägg. Konstruktionen tillåter att whiteboardtavlor kan placeras tätt bredvid varandra samt direkt mot väggen, vilket innebär att de inte tar mycket plats. Sketchalot vilar på två avtagbara, lättmonterade, fötter av vitlackerad aluminium.

Sketchalot – design Eelco Voogd, is the world's first and only modular whiteboard panel that requires no permanent attachment to walls or glass surfaces. The construction allows you to place the whiteboard panels neatly beside each other without leaving any space between the wall and the board, which saves precious office space. Sketchalot comes with two easy-to-install detachable aluminium feet, powder coated in white.

Sketchalot – design Eelco Voogd, ist die weltweit erste modulare Whiteboard-Tafel, die nicht permanent an Wände oder Glasflächen befestigt werden muss. Der Aufbau von Sketchalot erlaubt es dem Benutzer, die Whiteboard-Tafeln direkt nebeneinander und dicht an die Wand zu setzen, um so wertvollen Platz zu sparen. Sketchalot wird mit zwei leicht an- und abbaubaren, in Weiß pulverlackierten Füßen geliefert.

Sketchalot is **the perfect tool for visualizing great ideas, processes or results**, in small as well as in large groups. Its surface is magnetic which increases application possibilities. Sketchalot is intended for the educational sector and for businesses with a need for flexible solutions when it comes to visualization and presentation surfaces.
